Texas Registered Entity

# Built on Trust. Driven by Performance.

## VISION

*To be the most trusted international partner in precious metals consulting and trading – recognized globally for integrity, discretion, and superior performance.*

## MISSION

*To support clients across the precious metals value chain through compliant, transparent, and efficient advisory and trading solutions – bridging origination, structuring, and settlement with operational excellence.*

BY THE NUMBERS

# Our Track Record

3

JURISDICTIONS

Global operational presence  
UAE · Europe · USA

4

METALS

Full precious metals coverage  
Gold · Silver · Platinum ·  
Palladium

100%

Compliance-first approach  
across all transactions

\$6K+  
/oz

Projected gold ceiling  
by 2028 (analyst consensus)

# Expert Advisory Across the Full Precious Metals Value Chain

## Strategic Advisory

Market entry, portfolio structuring & positioning in global precious metals markets

## Technical Quality

Refining, assaying & quality control advisory ensuring full purity standards compliance

## Supply Chain

Supply chain optimization & offtake agreement structuring across global counterparties

## Risk Management

Hedging frameworks, exposure profiling & risk mitigation tailored to client needs

## Regulatory & AML

KYC, AML/CFT, DNFBP obligations, goAML registration & sanctions screening advisory

## Market Intelligence

licensed & insured carriers

## Settlement & Delivery

End-to-end delivery oversight &  
post-trade reconciliation

## Due Diligence Support

Comprehensive documentation for  
banking & institutional partners

# Four Strategic Precious Metals

## Au

GOLD

XAU/USD

- ▶ Store of value & liquidity
- ▶ Central bank reserve asset
- ▶ Safe-haven benchmark
- ▶ Investment & industrial use

## Ag

SILVER

XAG/USD

- ▶ High electrical conductivity
- ▶ Dual industrial/investment demand
- ▶ Solar & electronics industry
- ▶ Accessible entry point

## Pt

PLATINUM

XPT/USD

- ▶ Scarce & highly durable
- ▶ Catalytic converter critical
- ▶ Jewellery & industrial use
- ▶ Strategic industrial metal

## Pd

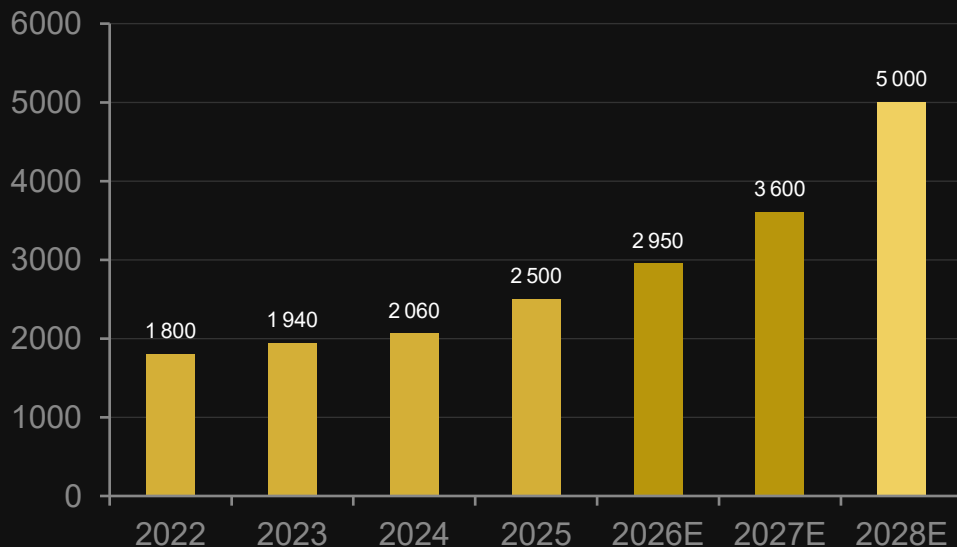

PALLADIUM

XPD/USD

- ▶ Tightest supply globally
- ▶ Critical for emissions control
- ▶ Automotive & electronics
- ▶ High-demand strategic asset

# Gold: The Bullish Case

*Analyst consensus points to continued structural strength in precious metals through 2026 and beyond*

## Bullish Consensus

Majority of institutional forecasts remain strongly bullish into 2026–2028

## Central Bank Demand

Record gold purchases by central banks diversifying from USD reserves

## Safe-Haven Premium

Persistent geopolitical tensions sustain elevated safe-haven demand

## Rate Cut Cycle

U.S. rate-cutting expectations reduce opportunity cost of holding gold

## De-Dollarization

Accelerating shift away from USD in global reserves supports gold

# A Compliance-First Organization

*MTL operates under a robust framework aligned with UAE FATF standards and international best practice — ensuring every transaction is conducted with full regulatory compliance and counterparty integrity.*

## AML / CFT Policy

FATF-aligned Anti-Money  
Laundering & Compliance Framework

## KYC / KYB Enhanced

Enhanced Due Diligence on  
all institutional counterparties

## Sanctions Screening

UN, OFAC, EU & UK lists  
screened pre-transaction

## goAML Registration

UAE FIU reporting obligations  
under Ministry of Economy

## Corporate Tax Registered

UAE FTA TRN 105366385000001  
Registered Dec 2025

## Ethical Sourcing

Conflict-free origin verification  
for all physical metals

# WHY MTL?

*Trusted. Compliant.  
Globally Connected.*
